

### **How to Play the Game:**

1. There are eight rooms to choose from, starting from 0.00025 to 0.05 BTC

2. Select your room
3. Secure next open spot

4. There are 11 spots, once filled, number 1 will receive his/her Cryptos into his/her SAFCOIN Crypto wallet. You can then either keep your Cryptos, or convert your Cryptos back into FIAT currency, withdraw it, or secure more spots
5. The ten remaining players split up into two new rooms and move up until they reach the number one spot and receive their Cryptos
6. You can select more rooms and secure as many empty spots as you wish
7. Your initial Cryptos will be re-invested automatically to ensure that you are always in play, even when you are asleep.
